

To whom it may concern,

We highly recommend Tameshi Investment sp. z o.o. as a business partnership candidate.

The company not only demonstrated professional knowledge regarding the IT services automation, but were also perfectly attuned to their client's priorities.

The aforementioned cooperation mainly concerned the safe implementation of the Centralized Teleinformatic System for implementation and supervision of operational programs and projects co-financed from the European Funds 2014-2020 that meets the requirements of the European Union for ICT systems, including the requirements to facilitate the beneficiaries with information exchange possibility with the relevant institutions.

For this purpose, Tameshi successfully designed and implemented High Availability solution over a range of proxy servers which allows for automated operation and server substitution in the case of any malfunction, as well as the Apache-based Web Application Firewall cluster to keep web application projects and servers safe.

Furthermore, they have implemented the ELK system which provides comprehensive monitoring of resources utilisation and further detailed analysis possibilities.

Tameshi, thus, provided invaluable support during the entire creation process, showing broad problem-solving and deep analytical skills which, together with their broad knowledge, enabled us to successfully implement the system that allows to handle projects from the moment of signing the contract, check if the expenses incurred by the beneficiaries are correct and in accordance with national and EU law and process request for payment from beneficiaries side.

We received professional service and support and above all, 100% commitment from the entire team.

This business partner provided us with valuable support in respect to the implementation of Information Monitoring and Financial Control System for Structural and Integrity Funds.

Their experience in complex system design, excellent command of automatisisation and optimisation processes and, above all, professional approach made our cooperation a pleasant experience and a recipe for success.

We affirm our strong support for Tameshi Investment as a candidate for business cooperation.

If you have any further queries, please do not hesitate to contact us.

Yours Sincerely

Arkadiusz Chałupka
